

# LIFESAFER IGNITION INTERLOCK INSTALLATION CHECKLIST

## WHAT TO BRING

### All interlock paperwork

This includes court documents and any notices or forms from your state licensing agency.

### Photo driver's license

The name on the driver's license must match the name of the person installing the interlock.

### Vehicle registration card

If you are not the registered owner of the vehicle that will have the interlock installed, you need to bring a notarized letter from the registered owner that allows for the installation.

## MY SERVICE CENTER

## WHAT TO EXPECT

### Time

Expect to spend up to an hour for the installation and training to be complete.

### Customer Support

Expect to receive considerate and respectful service. Our technicians are experts and extensions of our brand.

### Training

You will watch a training video while the technician installs your device. In addition, you will receive hands-on training to ensure you are comfortable using the device before you leave.

## WHAT TO ASK

### Confirm information on file

Take this opportunity to ask the technician to review your information including VIN, Driver's License Number, Email Address

## MY NEXT APPOINTMENT

## TIPS FOR TEST TAKING AND DEVICE CARE

1. Always rinse your mouth with water before taking a test
2. Avoid foods and common items that may cause the device to register alcohol such as: X, Y, Z ....
