

FLORIDA LICENSE RECOVERY AFTER A DUI

restore your **freedom**
to drive quickly,
affordably, and **easily**.

We are wallet friendly

Our pricing is competitive, upfront, and easy to understand.

We are experts

You won't have to figure out complex laws, rules or paperwork on your own.

We are available anytime

You will never be stuck – customer care is available 24/7, 365 days a year.

We are committed to your success

We work with your monitoring agency to ensure your reports are submitted correctly.

STEP 1

Check with the clerk of the court in the jurisdiction of your offense to determine if you require an ignition interlock. Installing an interlock may reduce or eliminate the one year license suspension requirement, but don't drive until you are sure. You can also check your license status online.

STEP 2

Enroll in a certified DUI program. You can find a list of programs online.

STEP 3

Apply for a hardship license through the FLHSMV.

STEP 4

Call LifeSafer Ignition Interlock **855-527-1597** to schedule your ignition interlock installation. Ask about offers and money saving discounts.

STEP 5

After your installation, visit a driver's license service center or tax collector's office to get the "P" restriction added to your license and pay any fees.
