A modified driver license replaces your original Class D license and allows you to operate a noncommercial motor vehicle as long as the vehicle is equipped with an ignition interlock device. Fill out the application to request a modified driving license as soon as possible.

STEP 2

Call LifeSafer Ignition Interlock **855-527-1597** to schedule your interlock installation. Ask about discounts and special offers. We will provide you with a certificate of installation for the interlock device.

STEP 3

Take all fees, forms and complete any court ordered requirements to the DPS to obtain your modified license.
