

NEVADA LICENSE RECOVERY AFTER A DUI

restore your **freedom**
to drive quickly,
affordably, and **easily**.

We are wallet friendly

Our pricing is competitive, upfront, and easy to understand.

We are experts

You won't have to figure out complex laws, rules or paperwork on your own.

We are available anytime

You will never be stuck – customer care is available 24/7, 365 days a year.

We are committed to your success

We work with your monitoring agency to ensure your reports are submitted correctly.

STEP 1

If your license is revoked based on a DUI or failure to submit to testing, you may reinstate your driving privilege before the end of the revocation period by installing an ignition interlock device on any vehicle you operate.

STEP 2

You must present a Certificate of Compliance in person at a DMV office and follow any other reinstatement procedures as well. Requirements may include written testing, SR-22 insurance (which you can obtain from your insurance company) and payment of reinstatement fees.

STEP 3

Call LifeSafer Ignition Interlock at **855-527-1597** and a Customer Support Expert will help you schedule your IID installation.

STEP 4

To find out what your specific requirements for reinstatement are, contact the Nevada DMV through their website or by calling or visiting a location.

In Nevada, the drunk driving law prohibits a person from driving when they have a BAC of .08% or higher. Courts are required to order the installation and monitoring of an interlock device for any driver whose BAC levels are .08% or higher, even for a first offense.

The information presented is not legal advice and is subject to change without notice. You should seek appropriate counsel for the most up to date information relating to your own specific situation.
